Attached is the memorandum providing the status of CPG's Sediment Transport Model for the LPRSA and  
NBSA being developed as part of the LPRSA RI/FS.

I have also attached the meeting summary from September 25 which we submitted to EPA for review and  
comment on October 2.

Please contact me with any questions or comments; the CPG looks forward to the opportunity to discuss  
the CPG's Sediment Transport during the next EPA- CPG Model Collaboration Meeting.
